

Simone Kjolsrud joined the Arizona Water Banking Authority as the Technical Administrator in July 2019.

Simone recently completed a graduate research project for the ASU Kyl Center for Water Policy at Morrison Institute. She is a 2019 graduate of the Arizona Water Council's Water Management certificate program and a graduate student in the ASU School of Engineering. Simone will complete an M.S. in Environmental & Resource Management with a concentration in Water Management in the Spring of 2020. Prior to entering the field of Water Resource Management, Simone was the Director of Marketing & Technology for a digital media company and brings a wealth of experience in strategic planning, software development and data analytics. She decided to make a career change because she wants to contribute to protecting Arizona's water future.

Simone is a native Arizonan. In her free time she enjoys exploring Arizona, hiking and camping with her husband and daughter.
